Subject Index

Acid-phosphatase in chick brain, inhibition of 397, 398, 399
Acinar tissue of pancreas 80-83
ACTH,
effect on mitotic activity 141, 148
Adrenal cortex, mitotic activity in 139
Adrenalectomized rats, effect of ACTH on 141
Adrenocorticotrophin and mitotic activity 139
Agar-agar plate methods for screening antitumor factors 254
Age, effect on susceptibility to tumor transplantation 205
Alpha-lipoproteins, effect of X-Irradiation on synthesis of 162
Anaplastic carcinoma in "F" mouse 205
Antigenic analyses of rat tissue extracts, preciptin test for 69, 71, 72
Antigenic components in rat tissue extracts 73
Antimetabolites in combination therapy 122
Anti-tumor factors, screening of 254
Arthrodial articulation in bovine dwarfs 267
Articular types of lumbar vertebrae in brachycephalic dwarfs 277
Ascites tumors in mice 367
Axo-dendritic interaction, effect of somatotrophin on 182
8-Azaguanine and Mitomycin C in tumor therapy 117
Bovine achondroplasia 265
Bovine dwarfs, articulation in 268-271
Brachycephalic dwarfs 265
Brain weight in thyroidectomized rats 356
Calcified concretion in salivary ducts 246

Chromosomes of *Sciara* larvae,	89
behavior of	94-99
elimination	91
Chick embryo,	
effect of estrogen on	35
effect of X-irradiation on	157
estrogen-treated	25
protein and enzyme content of brain	393
Chickens, male, thyroid activity of	191
Chinook salmon,	
effect of high intensity visible radiation on development of	299
Comparative "variability" of *Rana esculenta* and *Rana temporaria*	222
Comparison of growth ratios in *Gerridae*	215
Comparison of proteins in alchoholic extracts of rat lymphoma, sarcoma and normal muscle tissue	76
Cortical neuropil, homogeneity of	225
Crocker rat carcinoma,	
effect of Mitomycin C on	109
Deficient chromosome groups in developing *Sciara* larvae	89
Dehydrogenase activity in rat lenses	167-169
2-Deoxy-D-Glucose	108
Derivation of deficient chromosome groups	101
Development of chinook salmon in relation to time and temperature	303
D-Gluco-Ascorbic acid and Mitomycin C in tumor therapy	114, 115
Dipodomys,	
eye development in	131
general development of	131
growth analysis of	132, 133
linear dimensions of ear	135
linear dimensions of foot	135
linear dimensions of tail	134
Dipodomys deserti	127
Dipodomys merriami	127
Distances between frog populations	225
Distribution of radioactive zinc in growing fish	152, 154, 155
Drosophila melanogaster, developing egg of	45
Ehrlich ascites carcinoma	367, 377
Ehrlich mouse carcinoma, effect of mitomycin on	109
Ehrlich mouse carcinoma, inhibition of	401
Electrophoretic analysis of tumor fluid	378
Electrophoretic patterns of sarcoma I	382
Embryonic liver cells, estrogen treated	25
Enhancement of intraperitoneal tumor growth by X-irradiated cells	368
Enzymes in brain of developing chick	393
Epithelial cells, abnormal, in isoproterenol-treated rats	247
Estrogen, effect on protein-bound carbohydrates of chick serum	35
Estrogen treatment of embryonic liver cells	25

Estrogen-treated livers, water content of 27
Ethionine,
effect on protein metabolism 86
effect on proteolytic activity in rats 79
effect on ratio of trypsinogen to body weight 84
effect on trypsinogen content of pancreas 85
Facial dimensions of North American white boys 232
fes gene in *Drosphila* 64
fes mutant of *Drosophila melanogaster* 45
Frog, geographical variation in morphologic differentiation 219
F/St mouse, resistance to transplanted tumors 206
Geographical variation in European *Rana* 219
Gerridae, relative growth of 211
Glucose antimetabolites and Mitomycin C in tumor therapy 108-112
Glycogen content of estrogen treated livers 30
Growth,
enhancement by somatotrophin 182
of anaplastic carcinoma in F strain mice 207
of ascites tumors in mice injected with irradiated cells 367
of fish treated with radioactive zinc 152
of *Gerridae* 211
of leg and antennal segments in two populations of *Trepobates* . . . 217
of salivary glands treated with isoproterenol 243
of *Sciara* gonads 90
of thyroids 200
of tissue at sites of digital amputation 13
of transplanted carcinoma in mice 205
Growth increment in mandibles in different age groups 236-238
Growth measurements of immature guppies 1
Growth patterns, biochemical,
in normal and radiothyroidectomized rats 347
Growth rate versus litter size in *Dipodomys deserti* 137
Growth regulating mechanism of acinar tissue of pancreas 86
Growth retardation in thyroidectomized rats 360
Growth and development of the kangaroo rat 127
Guppies, growth of 1
Hexose Monophosphate Pathway 171
Hippophae Rhamnoides, source of 402
Histology of degenerating rat digits 8
Host susceptibility to tumor growth during senescence 209
Human rectal mucosa, effect of ACTH on 141
Hydrochloride 5-HT
effect on Ehrlich mouse carcinoma 405
effect on mouse ascites tumors 406
effect on sarcoma 180 404
toxicity of 403
Hydroglucan,
effect on Rous sarcoma virus 253
Immunization against Ehrlich carcinoma 369
Infra-red radiation,
lack of effect on salmon fingerlings 289
Intracellular components of liver cells,
wet volumes of 31
Isoproterenol,
effect on rat salivary glands 243
Kangaroo rat, growth and development of 127
Kidney weight in thyroidectomized rats 354
Lagodon rhomboides 151
L-Dehydroascorbic acid and Mitomycin C in tumor therapy 114, 115

Lebistes reticulatus	1
Lethal effects of light on developing salmon eggs	305, 306
Light,	
effect on developmental stages of rainbow trout	295
"Limited" chromosome in *Sciara*	91
Lipid and non-lipid solids of estrogen-treated livers	27, 29
Liver weight in thyroidectomized rats	352
Logarithmic analysis of growth measurements in *Gerridae*	213, 214
Lumbar vertebrae,	
articulation in dwarfs	265
Mandibular depth,	
annual increment in	241
measurement of	229
Mandibular dimension during childhood and adolescence	238
Mandibular measurements, variability of sex-age sub groups	233
Mean growth ratios in *Trepobates trepidus*	216
Mean vectors of frog population	221
6-Mercaptopurine and Mitomycin C in tumor therapy	119
Metabolic changes in embryonic liver cells following estrogen treatment	25
Metabolism of glucose by ocular lens	172
Methylandrostenediol, effect on growth	187
Mitomycin C	107, 249
Mitotic activity, effect of adrenocorticotrophin on	139
Mitotic rate in human rectal mucosa following application of ACTH	146
Mitotic rate in rats treated with ACTH	143, 144
Morphogenetic aspects of developing *Sciara* ovary	103
Morphologic differentiation in frog populations	226
Morphology of individual chromosomes	103, 104
Mouse sarcoma I	378
Neoplastic rat tissues,	
protein composition of	67
Normal tissue extract,	
protein content of	70
19-nor-testosterone, effect on growth	187
Number of nurse cells in developing oöcytes of *Drosophila*	56-60
Nurse cells of mutant *Drosophila*	49, 50
Ocular lens of mature rat	172
Oncorhynchus tshawytscha	281
Onocostatic factor from *Hippophae Rhamnoides*	401
Onocostatic substances against experimental tumors	116
Ontogenetic change in the human mandibles	241
Ovarian tumors in *jes mutant*	45
Pancreas of rats, effect of ethionine on	85
Passive immunization with sera from immunized mice	371
PBr tumor, growth of	209
Phalanges, regenerating	16-18
Pogonion-postgonion diameter, measurement of	234
Production of nurse-like cells in ovaries of *Drosophila* mutant	46
Protein anabolism in amelioration of thyroid deficiency	175
Protein of ascites tumor fluid	377
Protein-bound carbohydrate and fat of rat tissue, determination of	68
Protein in brain of developing chick	393
Protein component,	
of normal mouse serum	383
of sarcoma I ascites tumor fluid	383
of tumor-bearing mouse serum	383
Protein composition of alcoholic extracts of neoplastic rat tissues	67
Protein concentration of rat tissue fractions	68
Protein-synthesizing systems, effect of X-irradiation on	157

Radioactive zinc, effect on salmon fingerlings 151
retention by salmon fingerlings 153
Radiothyroidectomy 178
Radiation, effect on developing salmonoids 281
Rana esculenta 219
Rat digits, regeneration of 7
Rat lens, carbohydrate metabolism in 165
Rat lymphoma extract,
antigenic components of 73
protein determination of 70
Rat sarcoma, protein content of 70
Rat tissues, chemical determination of 349
Rats, effect of radiothyroidectomy on 178
Ratio of organ growth in thyroidectomized rats 361
Ratio of total liver lipids to total liver solids in estrogen-treated chicks . . 32
Ratio of total serum polysaccharide to seromucoid in estrogen-treated chicks . 40
Regenerating rat digits 7
Regeneration of cell structure following ethionine feeding in rats 79
Regeneration of digits amputated *in utero* 19
Regeneration of pancreatic cells on cessation of ethionine feeding . . . 82, 83
Regenerative potentiality of mammalian digits *in vivo* 22
Relation of temperature to development of rainbow trout 293, 294
Restoration of proteolytic activity following ethionine feeding 79
Reticulo-endothelial system, activation of 255
Reticulo-endothelial system in oncolysis 249
Roentgenographic measurements of mandibular depth 230
Rous sarcoma virus,
effect of zymosan and hydroglucan on 253
Salivary gland epithelium, atrophic 245
hypertrophic 245
Salivary glands, histology of 244
sclerotic 245
Salmon fingerlings,
effect of radioactive zinc on 151
Salmonoid embryos
effect of visible radiation on 281
Sarcoma 180,
effect of Mitomycin C on 109
Scab tissue as inhibitor of tissue regeneration 20
Sciara coprophila 89
Sciara egg in blastoderm stage 100
Sclerosis of salivary glands 243
Serum albumen, depressing effects of ionizing radiation on 162
Serum calcium in developing chick 160
Serum glycoprotein in estrogenized chicks 43
Serum liproprotein in estrogenized chicks 36, 37
Sex chromosomes of *Sciara* 91
Size measurements of salmon fingerlings 312, 313
Soluble proteins of chick brain 395
Somatotrophin,
effect on development of axons 180
effect on growth and distribution of basal dendrites 181
effect on growth of neonatally thyroidectomized rats 179
Spermatogonial chromosomes of *Sciara* 92
Steroid anabolists,
effect on thyroidectomized rats 184
Stomach weight in thyroidectomized rats 358
Synergistic action of antimetabolites and Mitomycin C 118, 120

Temperature,
effect on ovaries of mutant *Drosophila* 48
Thyroid activity of growing male chickens 191
Thyroid activity and rate of body growth 203
Thyroid deficiency,
effect of protein anabolism on 175
Thyroid gland,
development of 197
histology of 195, 196
rôle in growth and differentiation 4
Thyroid gland measurements, age differences in 201
Thyroid powder,
effect on growth of immature guppies 1
Thyroid region of fish treated with mammalian thyroid powder, ... 3
histology of 3
Thyroid treated fiish,
length of 2
Thyroidectomized rats,
body growth of 349
organ growth in 350
Time-event relationship in regenerating rat digits 12
Trepobates trepidus 211
Trivariate geographical variation in European frogs 223
Trochlear articulation in bovine dwarfs 267
Trout eggs,
effect of light on development of 296, 297
Trypsin-calcium treatment in regeneration of amputated mammalian digits . 22
Tumor fluid, biochemical composition of 377
Tumor growth,
effect of zymosan on 249, 250
Ultracentrifuge analyses of dialyzed extracts of rat tissue 69, 70
Ultracentrifuge patterns of chick serum following estrogen treatment . . . 39
Ultra-violet radiation,
effect on development of fish 284
Variability statistics for mandibular depth 233
Visible radiation,
effect on development of fish 285
effect of graded intensities on embryonic development 314
high intensity 289
relationship to pigmentation of fish 287
Vitellogenesis in oöcytes of mutant *Drosophila* 56
Water content of estrogen-treated embryonic livers 32
Wistar rat organs,
effect of adrenal extract on 140
X-Irradiated cells,
effect on subcutaneous tumor 368
X-Irradiation,
effect on developing protein-synthesizing systems 157
effect on early development of fish 282
Zymosan 249
effect on Mitomycin C cytotoxicity 252
effect on Rous sarcoma virus 253
Zymosan and Mitomycin C,
effect on transplanted tumors 259, 260
